Certificate in Human Resources Management

The programme will give you the knowledge, skills and competencies to become effective employees in the areas of Human Resources. This programme is aimed at those already working in a HR environment, or in a small, medium or large business, or aspiring to do so. Developed in association with industry, this specialist course promotes a critical awareness of the most recent advances in Human Resources and legislative changes in this functional area and the critical contribution of the function to business efficiencies and effectiveness. It is designed to apply across all industries and will give the participants an opportunity to reskill or upskill to take up roles in the area of Human Resources. It is also suitable for unemployed persons that meet the entry requirements.
